### **Contact, Username, and Email Information:**

Name: \_\_\_\_\_  
Business: \_\_\_\_\_  
Address 1: \_\_\_\_\_  
Address 2: \_\_\_\_\_  
City: \_\_\_\_\_ State: \_\_\_\_\_ ZIP: \_\_\_\_\_  
Phone #: \_\_\_\_\_ Fax #: \_\_\_\_\_

To use the service, you must specify a username. This is the username that you will use to dial-up to our service and it will be your primary email address – the email address that your billing notifications and other important SDC notices will be sent to. For example, if you want your username to be “bob”, your email address will be “bob@sdc.org”.

Usernames can only be lowercase, alphanumeric (letters & numbers), must start with a letter, and cannot be longer than 20 characters. If the username you request is already in use you will be notified so you can make another choice.

Passwords can be any length and can consist of any key you can enter on the keyboard. To help keep your account secure we require that passwords be at least 6 characters, and must be a combination of letters, numbers, or symbols. For example, “bird” is not a valid password, but “b1rd\_#” is.

### **Hardware Information:**

The equipment package SDC offers requires the unique identifier (MAC address) of the equipment to which it will be connected. While this information is not required at this time, and we can determine it when the devices are connected together, it may delay activation of your service if you cannot provide it at a later date.

User MAC Address:	
Service IP Address	
Bridge MAC Address	
Bridge IP Address	

### **Equipment Package:**

Equipment can be purchased from SDC at a package price, or leased on an 'Equipment Plus' plan which includes standard installation and service cost.

<u>Package Type</u> (Check One.)	<u>Price</u>
<input type="checkbox"/> Up front payment	\$450
<input type="checkbox"/> Short-term payment plan (4 months) *	\$115/mo
<input type="checkbox"/> Equipment Plus lease *	See Below

(Prices do not include 6.875% sales tax)

\* There is a one-time setup fee of \$99 for residential customers choosing either of these options.

### **Installation at the Customer Premises:**

For the Equipment Plus lease, installation is included in the monthly price quoted above, for the other options SDC will install equipment at your site at your request for an additional fee. Please note that we employ a contractor at times to install equipment. Installation charges can vary quite a bit from site to site so we cannot provide a standard installation cost. We generally provide installation services as a time and materials service. If you desire a firm fixed price we will be happy to survey your site and determine your requirements and provide a cost for installation services.

For the Equipment Plus lease, you get installation by a licensed N.M. Contractor, travel costs to and from your location, within 25 miles of our office, up to 100 feet of cabling between the antenna and an ethernet port, routed through 1 exterior wall or floor. (Thick adobe or concrete may have to be treated as non-standard – your technician will advise.) **If the equipment needs to be relocated in the future, re-installation will be at customer's expense.**

#### Period of Service:

Internet Service can be purchased either Monthly, Quarterly (due every three months), or Annual (once a year). You can switch from one billing-period to another at any time by contacting our office.
